Consist focuses on IT security at it-sa 2015

IT service provider Consist will be presenting its range of IT security products at the world-renowned IT security expo it-sa from October 6 to 8, 2015. As an integration partner, Consist's 30+ years of IT experience combines the technical lead of top technology providers like Splunk and ObserveIT.

Kiel – Consist Software Solutions will be presenting its security integration services and solutions of leading technology providers (Splunk and ObserveIT) to interested visitors who come to the booth at it-sa from October 6-8, 2015 (Hall 12.0, Stand 101). Consist supports companies to successfully counter the increasingly complex IT security threats and meet increasing compliance requirements. it-sa is the only trade fair for IT security in the German-speaking region and one of the most significant worldwide.

Security Integration Services from Consist

As an integration partner with over three decades of IT experience, Consist offers all services throughout the entire software lifecycle, from initial consultation via implementation and integration, through to support and Managed Services. The IT service provider offers this range from certified and experienced consultants within the whole D-A-CH region.

All-around trouble-free package for Splunk with Consist

With the help of Splunk, application problems can be corrected within minutes instead of within days or even months, and security-relevant events can be examined. With the leading platform for Operational Intel-

ligence, the IT infrastructure can be monitored, slowing or downtime in services can be prevented, and compliance can be achieved at a lower cost.

Consist can provide you with all the services you need to use Splunk from a single source: from initial consulting, implementation to support and further development. Customized Managed Services from Consist for Splunk can include, among others, extension to new application scenarios, the development of new or upgrade of existing search queries (dashboards), release management, configuration or reconfiguration, optimization and addition of Splunk components, as well as user and administrator training.

Consist is a partner of Splunk. In 2014, Splunk named Consist "Partner of the Year 2013" for the D-A-CH region, and awarded them "Regional Newcomer of the Year 2012" in 2013.

User Activity Monitoring with ObserveIT

ObserveIT is a software package that enables complete video playback of all user activity as well as the entire screen contents of all terminal and remote desktop systems. It provides an overview of who is performing activities as well as what is happening on the servers. Consist is a certified partner of ObserveIT and, together with the manufacturer, will be presenting the advantages of the solution to visitors to the booth. These include, for example, improved IT security, uncovering security flaws as well as saving time and costs for error analyses or reports.
